

Steel Plates

PRODUCT DATA SPECIFICATIONS

PRODUCT DESCRIPTION

OMG Steel Plates are made of Galvalume® coated steel. The round design provides an even distribution of loads and eliminates sharp corners that can damage the insulation or membrane. OMG 50 mm (2-in.) plates are used for lap seam fastening. OMG 75 mm (3-in.) plates are for fastening insulation. These plates are designed to be used with OMG fasteners.

APPLICATION

50 mm (2-in.) Metal Seam Plate: Used for attaching single-ply membrane to the substrate. Use with OMG Standard, Heavy Duty or CD-10 fasteners.

75 mm (3-in.) Ribbed Galvalume Plate: Used for attaching insulation to the substrate. Use with OMG Standard, Heavy Duty, XHD or CD-10 fasteners.

APPROVALS

Check with roofing system manufacturer for FM and Miami-Dade approvals for specific plates.

Factory Mutual listings refer to these products as 2-in. Metal Seam Plate, 3-in. Ribbed Galvalume Plate.
