

Steel Plates

PRODUCT DATA SPECIFICATIONS

PRODUCT DESCRIPTION

OMG Steel Plates are made of Galvalume® coated steel. The round design provides an even distribution of loads and eliminates sharp corners that can damage the insulation or membrane. OMG 2-in. (50 mm) plates are used for lap seam fastening. OMG 3-in. (75 mm) plates are for fastening insulation. These plates are designed to be used with OMG fasteners.

APPLICATION

2-in. (50 mm) Metal Seam Plate: Used for attaching single-ply membrane to the substrate. Use with OMG Standard, Heavy Duty or CD-10 fasteners.

3-in. (75 mm) Ribbed Galvalume Plate: Used for attaching insulation to the substrate. Use with OMG Standard, Heavy Duty, XHD or CD-10 fasteners.

3-in. (75 mm) Galvalume Steel Plate

(Flat): Used to attach insulation to the substrate. Use with OMG Standard, Heavy Duty, XHD or CD-10 fastener.

APPROVALS

Check with roofing system manufacturer for FM and Miami-Dade approvals for specific plates.

Factory Mutual listings refer to these products as 2-in. Metal Seam Plate, 3-in. Ribbed Galvalume Plate and OMG 3" Galvalume Steel Plate.
